Words (transliterated)	Translation
Devushki, padruzhen'ki, stanem v khorovod. Vsia zemlia radimaia s nami zapajot. // Dali neob'iatnyie, vechnyie lesa ekhom otzyvaiutsia na nashi galasa. //	Girls, dearest friends, let us join the circle dance. Our beloved earth will join our song. // Endless vistas, eternal forests send back the echo of our voices. //
Na zakate zharkovo solnechnovo dnia veselitsia molodost', pesniami zvenia. // Pro sud'bu shchastlivuiu pesni govoriat, pro liubov' kharoshuiu kak iablonevyi sad. //	At sunset after a hot sunny day youth frolics, with ringing songs. // It's of a happy fate that these songs speak, of a love as good as an apple orchard. //
Mnogo pered junost'iu radostnykh putej. Svetel den' sevodniashnij, zavtrashnij svetlej! // Shchastiem, slovno solnyshkom, kraj radnoj sagret. Krashe nashikh khorovodov v tselom mire niet. //	Youth has many happy paths ahead. Today's day is bright, tomorrow's day is brighter still! // With happiness, like dear sunlight, is our homeland warmed. A more beautiful dance than ours doesn't exist in the entire world. //
